- Fast-Paced worker, Multitasking and Prioritization
- Embrace diverse and collaborative environments

## Software

- Digital/Print: Illustrator, InDesign, Photoshop, PowerPoint
- Motion/Video: AfterEffects, PremierePro
- Audio: LogicPro X

## Experience

### **Graphic Designer 2 - Delta Cargo**

*Delta Air Lines*

*July 2023 - Current*

Design and collaborate with team members to create graphics and collateral for marketing and events across Delta Cargo, and Global Sales Brand & Partnerships departments, including but not limited to invitations, save the dates, posters, motion design, newsletters and email designs, slide deck and presentations, organizational charts and infographics, event branding, and icon sets. I work with two other teams at Delta Air Lines, generally handling the same responsibilities.

### **Motion Graphics & Digital Brand Designer - Corporate Marketing & Brand Experience**

*Warner Bros. Discovery*

*February 2022 - November 2022 (January 2025)*

In a fast-paced environment, I was able to meet deadlines with creativity, organizational skills, maturity, and the ability to handle pressure. My passion for working in a diverse, collaborative environment encourages me to train and assist other designers in various areas and is what led me to pursuing a full-time position with the department. Worked with project managers, creative directors, senior graphic designers, and other team members to create and update graphics for many different projects, ensuring established style guides while telling a unique story. Gathered and prepare materials needed for the design process including editing images, logos, and animations, as well as repurposing older working files for new client needs and projected messages. After conclusion, I continue freelance work with the company at their request.

### **Motion Graphics & Print Designer - University Communications and Marketing**

*University of West Georgia*

*January 2020 - February 2022 (March 2023)*

Created dynamic graphic elements using motion design to support recruitment, athletics, and events. Major duties included creating and editing video elements such as: headshots, corporate sponsor loops, infographics, gifs, intro-videos, in-game promotions, academic announcements, and live university wide events. Supervised student assistants and interns in content creation, editing, and production. After conclusion, I continued freelance work with the school at their request.

## Education

*Georgia State University, BFA, Graphic Design*

*2019*
